Mr. Bernardo Mireles
General Manager
Global Link Logistics, LLC
11901 Gavin Road
Laredo, Texas 78045 United States

Dear Mr. Mireles:

The Customs-Trade Partnership Against Terrorism (CTPAT) Program is a voluntary initiative between U.S. Customs and Border Protection (CBP) and private business to build relationships that strengthen international supply chains and improve U.S. border security. CTPAT benefits include priority processing and reduced delays at the border.

Thank you for taking part in the CTPAT revalidation of Global Link Logistics, LLC. Enclosed please find a copy of our report for your review and prompt reply. As noted in the executive summary, your company has demonstrated effective security within your own organization as well as a dedication to working with business partners to address supply chain security vulnerabilities that may exist. This work is the essence of CTPAT, and CBP appreciates your commitment and cooperation.

In addition to verifying adherence to the practices outlined in your CTPAT security profile, the revalidation is designed to build a stronger security partnership between Global Link Logistics, LLC and CBP. In that regard, I hope there was an opportunity for an exchange of ideas and “Best Practices” during the revalidation.

After review of the revalidation report for Global Link Logistics, LLC, it has been determined your company has demonstrated effective security practices and continues to meet the current minimum security criteria for eligibility. Therefore, Global Link Logistics, LLC will retain its status as a CTPAT certified member.

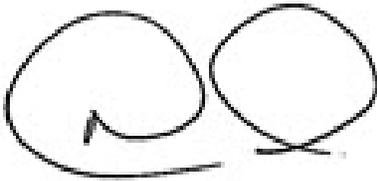

A prompt response to the report is due within 90 calendar days from the date of this letter. Please respond to the validation report through the CTPAT Portal by selecting the appropriate trade account. When saving work, please ensure you select the “Save” button, and only use the “Submit” button when your entire response is ready for review. Upon receipt of the response, the assigned Supply Chain Security Specialist will review the response and contact you to address any questions. As part of the requirements and completion of the validation process, failure to provide a response to the report within the allocated 90-day time period may result in a suspension of program membership and benefits.
